

# Connecticut Clean Cities

## FUTURE FUELS PROJECT

Navigating Our Transportation Energy Future

*Save the Date!*

*Friday, December 9, 2011  
2:00 PM EST*

*CNG Fuel Station*

**Ribbon Cutting Ceremony**

*at*

**The Yellow Cab Company**

*in*

**Bloomfield, CT**

We're celebrating the opening of Bloomfield's

first public access Compressed Natural Gas fleet fueling station at the headquarters of The Yellow Cab Company and while invitations are being finalized, we want you to Save the Date!

Please reserve time in your schedule to join us for our ribbon cutting ceremony to celebrate the sixth of many alternative fuel initiatives for Connecticut as we continue to make our state "greener." *The Yellow Cab Company / Clean Energy project in Bloomfield is part of the Connecticut Clean Cities Future Fuels Project, which is funded in part by the USDOE through the American Recovery and Reinvestment Act.*

**When:** Friday, December 9, 2011

**Where:** 86 Granby Street, Bloomfield, CT 06002

**Time:** 2:00 p.m. EST

*[Click here](#) and let us know if you have any questions prior to receiving the invitation for this event.*
